Brighton County Court: Claim Number 5BN03502

Bennett Vs. Brighton & Hove City Council

1. District Judge Merrick/ District Judge Fawcett  
(Or the Judge acting)
2. Solicitor acting for Brighton & Hove City Council  
(Liz Woodley?)

Dear Sir/ Madam

Thank you for the Court Order of last June or July. There are two dates on the Order viz: 6 July 2006 and 5 June 2006. I am confused as to the right date.

This matter has been dragging on and I refer you to the printouts (attached) of the email exchange between me and council officers. Please note in particular the email dated 14 February 2007 from Mr Bob Dumbrell in which it is promised that all the necessary works will be completed in Hove Town Hall and Brighton Town Hall by 21 March 2007.

I am requesting that there will be a hearing on this matter early in April 2007. If the works ARE completed by then I will be seeking an order for damages and costs so that we can bring this action to an end.

If the works are not completed by the date of the hearing then I request an Order demanding that the Council obey the original Court Order and to meet their own promises. If necessary I request that there be some sanction against them if they do not finish the job. This action began in Brighton County Court in July 2005.

Yours Sincerely

Colin B Bennett
